END OF A SUPER LEAGUE TALE

Redhair was in the Super League every season. He was the one who never played in a lower league. He has been relegated from Super League, which Gepard has won.

"Custom tactics have just killed me. I played against 9 Playavelis this season". These words belong to Redhair, who has won Super League 4 times. He lost 10 of 15 matches he played in this season. It is also his personal record. He had not lost more than 5 games in a season before. However, in new season he will try to come back where he belongs. Redhair's Super League all time stats:

Playaveli, who was the favourite for the title, has played just 8 matches. He is since 2 seasons unbeatable, but CocaCola could stop his serie with a 2-2 draw. But it didn't help CocaCola to stay in Super League. His Super League adventure has finished after one season. Gepard has won

his first Super League title. 2nd Luca83 is still waiting for his first Super League title. He is in Sup. League since season XII and finished two times as runner-up and five times as third. Foka and Likjetaj are going to play in S. League for the first time. Jiggaplaya has won Ger.Prem'ship for the first time. The other national league winners are Basto (POL), Djowger (DEN), Coolio Jack (CRO), Luca83 (ITA), Ludgi (POR) and CocaCola (TUR). In the Czech League has not been played any match. 220 matches have been played in 6th League, which included 23 players. In Italian League, 6 of 90 matches played.

A REAL GENTLEMAN

He means a lot to SWOS community. He is a tournament master. He is an old school of Sensible Soccer and he is a gentleman. He is Diorrrrr from Poland!

"I remember, in the game first touch was very strange for me, but after one hour I couldn't think about anything else. So it's 10 years now..."

Eleven : How did you begin to play SWOS?

Dior : I think it was in 1996, I bought my first Amiga computer. First version of sensible, which I played was 95/96 European Championship Edition. In the game first touch was very strange for me, but after one hour I couldn't think about anything else. So it's 10 years now.

E : What do SWOS and its Community mean to you?

D : ss.de Community is the one of the most amazing things that I've ever seen in my life. In my opinion, we are quite different than other groups which play on-line. Maybe it's because of that; here are a lot of old amiga players and it is more than just simple 16-bit computer game, it is for many people

an essence. Nowadays nobody thinks about cpu's like in that time. So all I mean is that we have got the uncommon climate from 90's here.

"You can beat me in swos, it is no problem, but if you want a really top challenge, come with me on two weeks mountains ride. 200-250 km would be good for you?"

E : Do you play also other computer games?

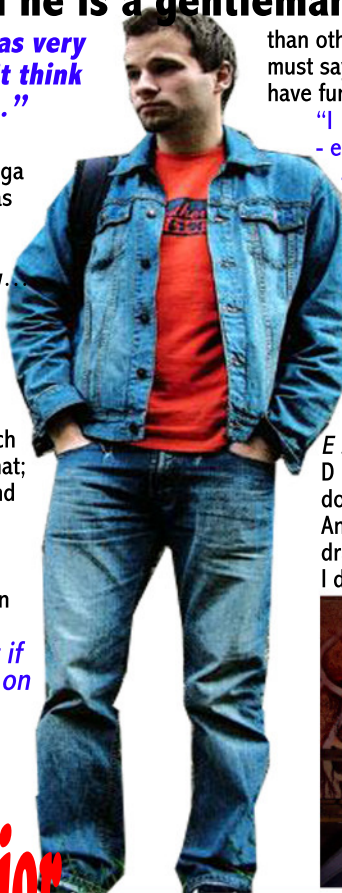

D : No, I don't. I have no time and patience for that

E : How many time do you spend for SWOS?

D : Well, if we consider that I should finish my study now, to do something serious in my life, then I must say that I spend for SWOS too much time, much, too much, definitely.

E : You are a real league administrator. I mean that you organize a lot. You do a lot for community. How do you like it?

D : Wow < confused > I really don't think I do anything more

than others. Nice to hear that anyway. I know it's banality but I must say this obviousness: most important here is that people have fun, so all we do is assuring that fun. Simple as that.

"I love night cups, dramatic games, and great goals - especially distance shots -. I don't like unfair behaviour and uncreative playing"

E : I know you like mountains and walking. Can you tell us something about that?

D : O yeah, you can beat me in swos, its no problem. But if you want a really top challenge, come with me on two weeks mountains ride. 200 - 250 km would be good for you ? I just love it, all day on the track. My favourite places are Tatra and Bieszczady Mountains (in Poland). Especially Bieszczady is probably one of the quietest places on earth.

E : What do you like (and don't like) in SWOS community?

D : First of all, I admire for work of our admins, who would do anything like that? Just amazing, thanks guys!

And what else... I won't be very original, I love night cups, dramatic games, and great goals (especially distance shots) I don't like unfair behaviour and uncreative playing.

E : Your favourite SWOS players?

D : So many of them ? It wouldn't be nice if I have mentioned only few from that really long list.

E : Last words about SWOS and Players?

D : Just that you all are so very cool, let's keep our community alive!

E : Thank you giving time Dior

D : Pleasure for me dude!
