

WELLCOME BACK GMOWL !
 The British player GmOwl is back after a short break... He celebrated his "come-back" with first UK Premier Division title. The other "first" was from Mark(Ned) in May. He has won first Benelux Premiership. Stats are at the bottom.

The King Of Sensible: REDHAIR

He is one of the fathers of sensible-soccer.de . He is 1 time ISSF Cup and German League, 4 times Super League winner. Well known with his amazing headers...

"One day I saw a game called Sensible Soccer and I fell in love with it."

Eleven: Since when have you been a big fan of SWOS?
Redhair: When I was young, I was a soccergame-freak and I tried every game which was related to soccer, on my Ataris and Commodores I had... I had a lot of fun playing Soccer by Andrew Spencer, Football Manager, World Cup Soccer, Gary Lineker, Microprose (C64) and Bundesliga Manager, Kick Off II (Amiga). But one day I saw a game called Sensible Soccer and I fell in love with it ;) It was better than all other games in this time, now Amiga SWOS 96/97 is the best and unbeaten: easy to handle, hard to master.

Eleven: You are in SensibleSoccer.de admin team.

Can you tell us about the story of sensiblesoccer.de?

R: In my youth I had a break with SWOS, but in 2001 I remembered this beautiful game and I searched the web. I found old reviews and then I saw the site of El Micha J about Championships in Berlin. He planned bigger tournaments. I was Web Designer and moderator of the official Forum of a german rock band (Boehse Onkelz). So I had Internet experience and so I wanted to help Micha and our dream was a "Champions League" of SWOS. So I registered the domain and we started together this new project. But I never thought we could reach more than 40 visitors per day, which would be really pretty for such an old game. Biggest landmarks then were Micha's php-system where people are able to register, later the online leagues and rankings and the translations to English. Then I met Playaveli and now we have the perfect team: Micha for php / database, Playa for translations / support / organization and me for layout / graphics, together with many helpers from all over the world we fulfilled our dream of a worldwide united community of SWOS. More than we ever have expected.

E: How many time do you spend for the site? Do you sometimes say "I don't want anymore" ?

R: I cannot say how much, but years! This site is handmade with love. Sure, sometimes I think something like that. But then I feel like never getting bored with this. I still have 1000's of ideas I never could realize...But I try, step by step.

E: The community is growing, are you pleased with current conditions (number of members, rules, forum ect.) and are you shortly planing something new for ss.de?

R: Yes, I'm very pleased and proud of this and like I said, there are many ideas I want

to realize. But step by step and there are many surprises planned. This site is like an adventure game ;) Till now it worked very well without hard rules and 99.9% of the members are very fair and they help each other. The number of members is amazing, but the most important thing is the nice communication between the different cultures all over europe and the world. And it's really interesting to see, which style they play in Turkey, England, Denmark, Italy etc.

who is Redhair ?

Name : Carsten Rothhaar
 Birth : Palatinat(GER)
 March 1975
 Fav.Team : 1.FC Kaiserslautern
 Hobbies : Internet, Football and SWOS

E: What do you think, what makes you a special player?

R: Hm... ;) I play Sensi for 14 years but I will never be perfect. Unbelievable which possibilities you have in this game. I'm still trying new things, try to find new ways to score, sometimes with success. Then I have so much fun...

E: What do you like and dislike in community?

Redhair: I am proud of this community because of the fairness and how they help each other. How they try to communicate between the different countries. This is like a dream. I dislike only a few players who try to cheat or insult other players. I'm happy, that they are only a few.

Eleven: And one more thing, your favourite Amiga SWOS player (s) ?

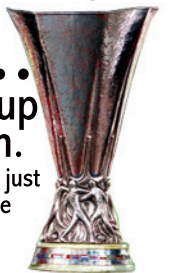

R: In the past I was waiting for the super player and I found him finally in Divin - Codino. He was also a legend before he died. He is my all-time favorite player and he was also a good friend... My personal favorite of the current players is Ottoman, I think the best talent since Divin. I like his groovy style of SWOS ;) Another fantastic players are Jonty Rhodes and GMOWL. But there are some more, like Stromberg, Luca83, Eleven, M4rk etc. Special "fair play award" goes to enbino and the world's best player is Playaveli. Why? He can do almost everything you can do in SWOS in perfection, the best counter attacker and a real killer who needs only one chance to score...

E: Thanks for giving time, see you at "Sensible Days" in Primasens. ASM will be there ;)

R: I'm looking forward...

REDHAIR HAS WON THE ISSF CUP...

Redhair has won the ISSF Cup after a 4-1 win over Ottoman.

He started the competition as favourite. He has just played 2 games in group phase and the results were disappointing: 4-4 and 2-3 against Champ (POL). he finished his group matches as 3rd and with a bit luck he could qualify for quarter finals. In quarter finals, he has won after a 10-5 aggregate win over Szczala (POL) easier than expected. Half final games were against Hellum from Denmark, who surprisingly qualified for the half final. Redhair won 6-5 on aggregate. Ottoman, the other half finalist, who dropped from Champions League, has won in half final over Ludgi (POR) (11-5 on agg). The Champions League final will take place on Monday, 5th Juni, live on #sensible. Europa champion CocaCola (TUR) will try to keep his title against last season's ISSF Cup winner Schulle (GER).

Playaveli dominated the Super League again and he won his 8th ASL title. 47 points in 18 games collected by playaveli in ASL is new record since the league has been played with 10 players (since season VII, March 2005). Champions and their points:

GERMANY UP TO NO.1

German players performed well in European Cups and with it helped their country to be the top of the ISSF country ranking. Schulle's 35 points are the biggest part of country point. Though Redhair played as first time in an European competition, he is placed 4th with 16.583 pts.

In Polish "Extraklasa", Champ has won his first national trophy. Mark and Swoozh did not play their games each other in Benelux League and both had got 18 pts. Mark has won the title on goal difference. The competition seems to be excited in next season. In Danish Premier League, there was not any surprise and Djowger kept his title for five seasons. GmOwl has won UK Premier League as expected. The other champions are: Italy-Luca, Germany-Playaveli and Turkey-Ottoman.
