7 different champions in 11 season and high number of games, make the Polish League one of the high-quality leagues. But the Polish players did not win any European Cup (Champions League/ISSF Cup) yet. Poland is currently third on the ISSF Country Ranking. The most successful players from Poland in Amiga Super League are Gepard and Dzem. Each of them won the Super League one time. Gepard is still one of the potential winners in ASL. He is on the top of the world ranking currently but his playing and scoring style do not let him to become a special online SWOS player. The other Super League players Foka and Basto have the potential to force top half in ASL.
